Part B for

July 54

SUBJECT

Purchase of a Diesel Ten-ton roller
and a water lorry with Tank equipment for
the proper execution of Trust Board works, Mysore.

WD 03555—GPB—25,000—2-7-53.

To,

The Chairman, C.I.T.B., Mysore.

L 10069/Dated 10.7.54

States that the question may
lie over for the present

2/23
11/8/54

Letter no. AS. 550/53-4 & 10-3-54
from the chairman, Dyke Trust
Board re the purchase of Road
Roller & a water Lorry.

1) submitted for perusal. The following
are the two proposals:-

(a) Purchase of a Road Roller
at a cost of Rs 35,000 + 000

(b) Purchase of water Lorry
at a cost of Rs 15,000 + 000.

2) As regards the purchase of a Road Roller,
it is perhaps not necessary to sanction
the proposal. The Trust Board is not
inclined to transfer the layouts formed
by it to the Dyke City M.C. on the
ground that drainage and water
supply works in some extensive have
not yet been completed. It may not
be possible to take up these works
for a number of years. Drainage &
water supply works could be taken
up on a planned programme.
Though the Board has completed all
its work, except the two works referred
to above; its next duty is to transfer
the layouts with all the munes

(2)

available at its disposal (realised from sale of sites) to meet the cost of these two works, so that the amount may be utilised to meet the cost of the schemes when works are taken up for execution. ~~It is feared that~~ if no action is taken now to transfer the layouts with all the money available, the Board may utilise the money for some other purpose and finally the ~~govt~~ and the Municipal Council will have to bear the burden on this account. Moreover, the Municipal Council is collecting taxes in these areas. It is their responsibility to ^{maintain} ~~the~~ roads. - at least, they should place at the disposal of the Board their Road Roller free of charges for works in the areas already laid out. ~~If Road~~ They may however change the Board if the Road Roller is used for new works of the Board - where the Municipal Council is not collecting any taxes. In cases where the Chairwoman may be informed accordingly

8042/mt purchase of Road Roller & water Lorry
by the Dy. M. T. Board

(3)

3) In regard to the purchase of a Lorry (water Lorry), the Board may perhaps be permitted to purchase a new one and dispose of the ^{old} one now in use in public auction. This is for order.

4) Proposals in paras 2 and 3 above are ~~for order~~ are reasonable and may be approved

MC

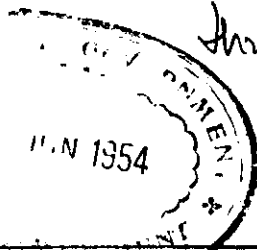

Purchase of water rty & Road Roller
by Mysore Trust funds.

(5)

(2) The point that is urged against the purchase of a Road Roller is that it is the duty of the H'cl to maintain the roads and that therefore the T.B. need not purchase Road Roller. But the formation of Road by T.B. means not only the putting up of side drains and thus make the appearance of the Road but also, the metalling & graveling the Road surface. This work may have to be done by the Rd. Taking this into consideration, the T.B. have made a recommendation to the purchase of a Rd Roller. It may be permitted to be purchased of out of its funds thro' the S.P.C

Secy (S.P.)

(3) I agree.

Encl

*one Reson note
of the note*

Dated 10th March 1954.

FROM

SRI S. LINGANNA,

Chairman, City Improvement Trust Board,

MYSORE.

To

Sri G. Venkatakrishna Rao, B.Sc., (Hons),

Secretary to the Government of Mysore,

Local Self-Government Department,

BANGALORE.

SIR,

Subject: Purchase of a Diesel Ten-ton Road roller and a Water Lorry with tank equipment for the proper execution of Trust Board Works, Mysore.

Trust Board

I write to forward herewith a copy of resolution No.399 dated 24-2-1954 on the above subject together with office note appended thereto and to state that as explained fully in the office note, the purchase of a ten-ton road roller and a water lorry with necessary tank equipments ~~are~~ immediately necessary for the proper execution of the Trust Board works.

The road roller as detailed in the margin** and the water lorry are proposed to be purchased at an approximate cost of Rs.35,000/- and Rs.15,000/- respectively, exclusive of Sales Tax and incidental charges, and the purchase will be made through the Stores Purchase Committee after obtaining competitive rates by calling for tenders.

Necessary provision for the expenditure will be made in the budget of the Trust Board for the year 1954-55 under one of the major layout works like the 'Industrial suburbs' or "Bamboo Bazaar" and later on the cost will be recovered by charging 5% on all the estimates to be taken up for execution as Tools and plant charges from the year 54-55. Since separate Trust Board funds are not available for investment, the above ~~pro~~ proposal is made in the interest of works.

I request you kindly to obtain and communicate early sanction of

P.T.O.

sanction of Government for the purchase of the above.

Yours faithfully,

S. Linganna
(S. Linganna) 10/3.
Chairman.

**

Description of road roller:

1. Capacity: Ten tons,
2. Type of engine: Diesel Oil engine,
3. Approximate cost: Rs.35,000/- plus incidental charges and S.T,
4. Company from which purchase will be made: Messrs. Marshall & Co., Madras, or any other firm.
5. Other conditions: Import license etc., will be obtained through the firm of suppliers.

Details of lorry:

1. Make: Austin - dual rear wheel tyres: 34x7
2. Brake Horse power: 67.5
3. Water tank capacity: G.I. Tank of 800 gallons
4. Approximate cost: Rs.15,000/-

3

City Improvement Trust Board, Mysore.

OFFICE NOTE.

SUBJECT: Requirements of tools and plants for the proper execution of Trust Board works.

It has been found by the undersigned that during his short period of work in the Trust Board from the last one year, there is great handicap for timely completion of road consolidation work on account of non-availability of road roller in the Trust Board. According to the sanctioned works on hand, there are nearly 8 to 10 miles of road which require consolidation, apart from periodical maintenance of roads in the un-transferred layouts. Secondly, the need for one more water lorry is also very keenly felt for conveying water to the road works whenever consolidation has to be taken on hand and for building works at Kesare. The single water lorry of the Trust Board has practically over-worked and is likely to stop at any time as there is no relief for the same to attend to periodical minimum repairs. In addition to the works already taken up on hand, there is heavy programme of forming roads and construction of buildings in several parts of the city during 1954-55. Formation of Bamboo Bazaar and Industrial suburb layouts are also eminent as Government have been pressing for the early completion of these layouts. If our works should proceed independent of the borrowed machinery which may not be available when required, it is very essential that we should purchase one 10 ton roller

and a new water lorry with water tank fittings by making suitable budget provision in the next year.

Kind approval of the Board is solicited to the proposal of purchasing one roller and a water lorry so that Government could be addressed for necessary sanction to the purchase and the terms of the suppliers obtained through the Stores Purchase Committee, to save further loss of time.

Sd/K.V.Rajarithnam,
Trust Board Engineer.
